

PORCELAIN

art of skin refinement

Hydrating facial

Treat sensitive or dry skin to **Porcelain's Restorative Facial** (\$180 per session, 60 min). Expect the usual cleanse, exfoliate and mask regimen but without the painful pore extraction. The Shiatsu Face and Shoulder massage was deeply relaxing and the therapist also used a Hyperbaric Oxygen Infusion machine to restore my skin's pH levels. My skin did feel satisfyingly supple and soft the next day. – Rachel Chan
