Balance Hydraclear Gel, from \$41

Most people don't realise that break outs can happen with any skin types—even dry skin. And as our skin attempts to battle Singapore's humid weather and moisture-sapping air-conditioning, it can become confused and break out more easily.

The Balance Hydraclear Gel from Porcelain, The Face Spa is formulated to help recalibrate your skin's moisture levels. Enjoy the refreshing, cooling touch of the gel, as it absorbs easily into the deepest layers of your skin.

The gel manages to stave off the blemishes for dry and acne-prone skin types by working to keep your skin's pH, sebum and moisture levels in harmonious tandem with one another. It does this with the help of a powerful botanical concoction that harnesses the skin-nurturing benefits of willow bark extract, cupuaçu seed butter, witch hazel extract and tea tree oil.

What's more, its multi-dimensional approach to fighting existing acne not only helps manage sebum secretion, reduce skin inflammation and check bacterial growth, but the gel has been proven to reduce sebum output by 44 percent, while lowering inflammatory activity by 72 percent. Now, that's our kind of beauty math!

FORMULATED TO HELP RECALIBRATE YOUR SKIN'S MOISTURE LEVELS, THE GEL WORKS TO KEEP YOUR SKIN'S PH, SEBUM AND MOISTURE LEVELS IN HARMONIOUS TANDEM—WHILE FIGHTING EXISTING ACNE.
