art of skin refinement

PURE Clarity

PURE Clarity

Porcelain, the Face Spa welcomes a new addition to its flawless range with the Flawless Pore + Spot Intensive Serum. Designed to provide instantly visible results and long-term benefits, the Flawless Pore + Spot serum helps stem and reverse the impact of early aging by revitalising dull, porous skin, and maintaining its radiance and youthfulness. Blending the antioxidant properties of Vitamin C and Coenzyme Q10 with the ability of Sodium Hyaluronate to easily penetrate skin and hold onto water, the Flawless Pore + Spot Intensive Serum is designed to combat common skin problems and let women all over reap the benefits of pore refinement, skin brightening and lightening of dark spots.

The Flawless Pore + Spot Intensive Serum is priced at \$41 for 8ml and \$164 for 40ml, and retails exclusively at Porcelain, the Face Spa, located at 15 Cantonment Road.

FREE FROM STRESS

There are few things more soothing than having warm fingers gently stroke your face, instantly eliminating tension and stress. Porcelain Face Spa's Restorative Facial lives up to its name. A shiatsu massage uses light pressure on the meridian points to enhance blood flow, relax face and eye muscles, relieve eyestrain and neck stiffness as well as nasal congestion (great for those with sinus issues). Emphasising deep cleansing, the six-step bespoke programme restores skin's equilibrium, reduces water retention and overall skin tone and elasticity. Suitable for pregnant and nursing mums, the treatment will leave you with a clear complexion that you'll want to reveal, rather than conceal.

Porcelain Face Spa is located at 15 Cantonment Road.
